5.1 Mr Chris Tilley representing Clayland Homes spoke regarding the planning application 2019/0827 (agenda item 18.1.1) (Residential development of 5 single storey dwellinghouses. Land South Of Watton Road Hingham Norfolk). Mr Tilley advised that there had been a lot of enquiries regarding the development mainly from people wishing to purchase bungalows. Therefore the original proposal to build houses was withdrawn in favour of an application to build bungalows in a "traditional style". It was stated that Clayland Homes envisage that the development would provide single level accommodation for those who may already be resident within the Hingham area but are looking to downsize from houses, to accommodation more suitable to their needs, within walking distance to the centre of town. Mr Tilley expressed that Clayland Homes are keen to work with the Council to give the community "what they want" in terms of development. Mr Tilley was thanked for his presentation.

**6. Accuracy of the Minutes of the Town Council meeting of 02 April 2019**

The Minutes were agreed as correct and signed by the Chairman

**7. To receive a draft copy of the Minutes of the Annual Town Meeting of 16 April 2019**

A copy of draft minutes of the Annual Town Meeting was circulated to all Cllrs prior to the meeting. The Clerk confirmed that the minutes, along with the written reports submitted are available on the Town Council website, and that the minutes will be agreed at the Annual Town Meeting in 2020.

**8. Declarations of interests with regard to items on the agenda and to consider requests for dispensations**

Cllr Y Bendle declared an interest in agenda item 18.

Cllr P Eldridge declared an interest in agenda items 39 & 41 (just prior to the agenda items being discussed).

**9. Matters arising from the Minutes of 02 April 2019 (written report circulated prior to the meeting – See appendix A )**

In addition to the written report the Clerk advised that work to the skate park was now complete.

**10. Working party reports**

The Cemetery and Churchyard working party met on 03 April 2019. It was reported that:

**Permission for work in the Churchyard**

Permission not been received to rebuild part of the retaining wall to the front of the Churchyard or for work that needs to be carried out on the Lime tree in the south east corner of the Churchyard. The Clerk is to chase this as a matter of urgency.

**Leaning grave stone in the Churchyard**

One gravestone is leaning badly, Town Council has previously agreed that the stone should be straightened but the necessary permission to do this is still outstanding. The working party now feel lying the stone flat may be a better option. A number of other gravestones are also leaning. Stones that lean as such, can be prone to cracking, and make it difficult for grass to be cut, there is evidence that the stones have been hit by grass cutting equipment. It is recommended that the working party continue to monitor the stones closely for cracks and movement.

**Review of grave digger and the need for a contingency**

It was agreed that a the current grave digger should be written to, to ask if she is still prepared to continue as the nominated grave digger for Hingham, and to write to other prospective grave diggers, to ask if they would also like to be considered as a nominated grave digger for the Hingham. The Clerk confirmed that as plots are now clearly marked out prior to grave digging there should be no issue with graves not being dug in the correct location, should the funeral directors have to use their own grave digger.

**Review of Cemetery Fees**

At the meeting of the cemetery working party the fees were reviewed. (The fees were last reviewed in February 2018 and increased effective from April 2018).

Having compared the present fees with those of Councils in the vicinity, the working party recommended that the fees remain unchanged. The Clerk advised that she had “taken flack” from a Funeral Director regarding the policy to charge triple fees for non-resident. It was also noted that the recent fee increases at Watton had made it considerably cheaper for a resident of Watton to be interred in Hingham Cemetery. Having regard to covering the cost of running/maintaining the cemetery it was proposed to increase the fees by 10% the proposal was amended to 5%. It was agreed that the fees should be increased by 5% from October 2019 (increase on the resident fee –the non-resident fee to remain triple that of a resident fee).

### **Discretion Policy re fees**

It was agreed by the Town Council in 2018 that a discretionary policy should be drawn up by the working party setting out when discretion may be used regarding the fees (see agenda item 26).

### **Extension of Cemetery Driveway and turning circle**

The present turning circle and parking area located half way up the south side of the cemetery was intended primarily, but not exclusively, for use by disabled visitors attending funerals or visiting the cemetery. However, it is not big enough for hearses or large cars to turn around, especially when there is another vehicle parked. There are 2 possible solutions, either to extend the driveway to the top of the cemetery with the addition of another turning area, or extend the driveway all the way round the cemetery, so that vehicles enter from one side of the cemetery and exit from the other. Quotes were sought for the latter a few years ago but it was decided that it was too costly. The Council agreed that these options should be investigated further and quotations sought.

### **Need for a bollard to protect a headstone**

There is one headstone close to the edge of the turning circle, which could be damaged or knocked down by a vehicle. The working party recommended that a bollard or shrub be purchased and positioned to protect the headstone. The Council Agreed.

## **11. Reports from representatives on external bodies**

The representative on the Lincoln Hall Committee reported that they are trying to obtain quotations to have the carpark re shingled, and there are ongoing issues with the toilets becoming blocked.

## **15. District Councillor's report**

District Cllr Y Bendle reported that at the recent District Council elections, the Conservative party lost 4 seats, meaning of the 46 District Councillors 35 are Conservatives, 10 are Liberal Democrat and 1 is Labour. Cllr Bendle offered thanks to those who had voted for her to be District Cllr for another 4 years, which will make 12 years in total. The Cabinet positions are to be agreed in a forthcoming meeting.
